

Contain yourself with Cheertainer

Dispense with the old way of doing things.

The Cheertainer is not your traditional "bag in a box" container. It stores flat, fills easily and completely with no "glugging" or foam. Better yet, it empties out completely.

That gives you better value per fill without the mess.

Come see the revolutionary new Cheertainer in person at the **NRA show in Chicago, May 17-20.**

We'll be at Booth#9549.
